PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science (3rd Year) student with hands-on expertise in **MERN Stack development** (MongoDB, Express.js, React.js, Node.js) and a strong foundation in Data Structures & Algorithms. Proven ability to design RESTful APIs, implement authentication systems, and build scalable full-stack applications. Seeking an internship or entry-level Software Engineer role at an MNC to deliver high-impact solutions.

TECHNICAL SKILLS

Languages: JavaScript, Python, C++

Frontend: React.js, HTML, CSS, Bootstrap, Tailwind Css

Backend: Node.js, Express.js, RESTful API Design

Databases: MongoDB, MySQL

Tools & Platforms: Git & GitHub, VS Code, Postman

PROJECTS

Responsive Coffee Shop Website

2024

- Developed a responsive coffee shop website with a modern UI and mobile-friendly design.
- Implemented interactive web pages and improved user experience using **HTML**, **CSS** and **JavaScript**.
- Optimized website assets and images, resulting in a **20% faster** load time across various devices and browsers.

AI Interview Agent (IntelliHire AI)

2025

- Developing an AI-based interview preparation platform that simulates real interview questions.
- Working on backend APIs and authentication to manage interview sessions.
- Integrated **Firebase/JWT** authentication to ensure secure user login and protect personal interview session history.

EDUCATION

Bachelor of Technology – Computer Science & Engineering

Bhagat Phool Singh Mahila Viswavidyalaya, Sonapat, Haryana

Expected Graduation: 2027

ACHIVEMENTS & CERTIFICATIONS

- Solving **coding problems** on competitive programming platforms (LeetCode), demonstrating strong DSA proficiency.
- Actively participated in **technical hackathons and workshops**, collaborating in team-based development challenges.
- **Certifications:** Frontend | Backend

SOFT SKILLS

Problem Solving • Team Collaboration • Effective Communication • Time Management • Adaptability
